

In Memory of  
**Fred Smith**

March 6, 1931 - January 5, 2023

Fred was very active in the Wichita area community. When asked how he bowled, he'd reply "I took my turn". Or when getting home from a motorcycle ride, "I kept the rubber side down". We (the family) rarely got the skinny about his friends and the 'trouble' he got into. So, please come join us and help celebrate his life - and to rat out what he was really up to (we want to hear your stories).
